CHAIRMAN'S MESSAGE

Dear Shareholders,

The company was incorporated in the year 2012 with the aim of becoming a dominant and qualitative player in the shipbuilding industry catering to small and medium sized boats and warships. We immediately made our presence felt by getting orders to work on Hulls, Super Structures and Piping of Interceptor Boats for the Coast Guard. These are all Aluminium high speed boats which are used by the Coast Guard for patrolling our long coast line. Over period of 3 years we delivered 12 such works for L&T Shipbuilding at Hazira. We got recognized for our speed of turnaround and quality of work.

But by 2015 the Shipbuilding industry had taken a turn for the worse and the orders dried down for our principal client. This adversely affected our business as well. This would have had a long term impact on our top line and bottom line but a proactive action and decision from our Directors to venture into other areas of work like Engineering services and Defence related work. We had the team and the resources but we lacked relevant experience in these fields so we made a conscious decision to take it slow and get to learn the ropes.

In Financial year 2016 we executed to Critical and Time bound projects for Coke Drum repair. The projects were completed in record time and with utmost quality. This marked our entry into the Maintenance, Repair and Upgrade Business. But again this is not a constant revenue source and the business is cyclical and project based. It also requires instant mobilization of resources. So we created a dedicated team of Professionals for this project.

In the same year we also made entry into Defence division with a small and dedicated team to understand the technical requirement of that business. Though the progress was slow we persisted and finally got orders for Defence as well.

Financial Year 2017 was a slightly slow year because we were trying to consolidated and make entry into new business areas. It was a tough year for everyone on manufacturing and engineering services and it got worse in the next financial year.

Financial Year 2018 was a very challenging year for both the industry and us. But as an organization we spent time in building our capabilities and skill sets for the new areas of work. We have built dedicated teams and capabilities for Defence, Engineering Services, Projects and Machining and Precision Engineering.

The company executed a complete shutdown maintenance project on De-Salter equipments also.

Our outlook for the current financial year and next 2 -3 years is very positive. We are very confident about orders in the following areas:

- 1. The Defence Division should generate good volume of business.
- 2. Our newly set up Machining and Precision Engineering division should generate good business.
- 3. We have made a significant entry into the Reactor and Pressure Vessel Division.

The company is also confident of getting in to the Ship building and repair business independently by Financial Year 2020.

All this augurs well for all the stake holders. In terms of revenue, our Financial Year 2019 revenue should show a progress.

EXECUTIVE BOARD OF DIRECTORS

Sarawagi Executive Director Mr. Sanjaykumar Govind Prasad Sarawagi is an executive director of L. P. Naval and Engineering Limited. He has expertise in designing, production, marketing and business development. With 24 years of rich and vivid experience Mr. Sanjay Sarawagi is like a light beacon providing a sense of direction to the Company and the Group. He has vast experience in formulating and implementing effective business strategies. A visionary par excellence, he has introduced several innovations in the otherwise traditional textile industry of Surat. His future plan involves getting into the Defence Sector through technical textiles and Engineering services.

Sarawagi Executive Director Mr. Manojkumar Govind Prasad Sarawagi is an executive director of L. P. Naval and Engineering Limited. Mr. Manoj Kumar Sarawagi is a graduate in Marketing. He with his dynamism and innovation has changed the way in which Sarees are sold in Asia's most famous Textile Market - Surat. In order to diversify the business activities of the group and prepare the group for next level of growth he has made a contrarian bet on the Shipbuilding sector. Though the Shipbuilding Industry is currently going through a downturn he believes that the future is going to be promising once the momentum of global trade picks up. He was instrumental in getting the fabrication contract from M/s L & T for fabrication of interceptor boats.

Mr. Rakeshkumar Govind Prasad Sarawagi, an expert in Finance has sound knowledge of financial management. He has played a vital role in debt and equity fund raising activity of Laxmipati group. He has been responsible for managing the fund requirement of the group effectively and keeping the funding costs low to enhance returns to the shareholders. He is responsible for complete financial management of the Company. Despite having a non technical background, his technical understanding and acumen is exemplary. His vision has led the company to diversify into areas of project management, engineering services and reactor and pressure vessel production.

MARKET TREND & ECONOMY

The Indian Shipbuilding and Ship Repair industry primarily comprises firms that develop, build and repair ships, underwater equipment and naval architectures for the shipping industry, fishing industry, naval defence and extraction of ocean resources. The shipbuilding industry is a strategically important industry due to its role in energy security, national defence and for developing heavy engineering industry. A growing Indian economy, favourable government policies and incentives framework, a long coastline and growing sea borne trade present a huge business opportunity within the Indian Shipbuilding Ship Repair and Ship Recycling industry. Bulk carriers (within large sea going vessels segment) and offshore vessels (within medium size specialized vessels segment) hold maximum demand as per the current order book of the major Indian Shipbuilding companies.

The government has granted infrastructure status to shipyard industry, with the infrastructure status, shipyard industry will be able to avail flexible structuring of long-term project loans, long-term

funding from infra funds at lower interest rates and longer tenure equivalent to the economic life of their assets, relaxed ECB norms, issuance of infrastructure bonds for meeting working capital requirements as well as benefits under Income Tax Act, 1961.

According to the statement of Ministry of Shipping "The Institutional Mechanism on Infrastructure chaired by Secretary, Department of Economic Affairs has recommended inclusion of shipyards undertaking shipbuilding and ship-repair under the harmonized list of infrastructure sectors," the government has exempted customs and central excise duties on inputs utilized for the purpose of manufacture of ships.

The Engineering Services sector includes broad spectrum of consulting, engineering and analytical services to aid and support companies in manufacturing, automobiles, oil and gas, IT services etc. This is sector which provided both pivotal and ancillary support to wide variety of industries.

The growth in this sector is dependent upon the broad economy and investment and growth in manufacturing sectors. With the world economy looking up this sector is poised to grow. The Indian Engineering sector has witnessed a remarkable growth over the last few years driven by increased investments in infrastructure and industrial production. The engineering sector, being closely associated with the manufacturing and infrastructure sectors, is of strategic importance to India's economy.

Manufacturing has emerged as one of the high growth sectors in India. Prime Minister of India, Mr. Narendra Modi, had launched the 'Make in India' program to place India on the world map as a manufacturing hub and give global recognition to the Indian economy. India is expected to become the fifth largest manufacturing country in the world by the end of year 2020*.

* - According to the Global Manufacturing Competitiveness Index published by Deloitte

OPPORTUNITIES & THREATS

The ship-building market is currently on a downturn with excess capacities globally. India can prepare itself for the upturn target a 10 million GT ship-building industry by 2025, through a comprehensive model of industry imperatives and government support.

Three marine clusters for India could include:

- Gujarat Combining the steel cluster at Hazira, upcoming automobile cluster at Sanand, Shipyard at Pipavav, Ship-breaking yard at Alang, and Gujarat International Finance Tec-City.
- Tamil Nadu Combining the automotive clusters at Chennai and Ennore and proposed new steel cluster near Chennai/Ennore.
- Andaman & Nicobar Islands Marine cluster to leverage the potential of the region for tourism and possibly MRO services for ships passing through the international east-west trade route.

The engineering sector in India attracts immense interest from foreign players as it enjoys a comparative advantage in terms of manufacturing costs, technology and innovation. The above, coupled with favorable regulatory policies and growth in the manufacturing sector has enabled several foreign players to invest in India.

The foreign direct investment (FDI) inflows into India's miscellaneous mechanical

and engineering industries during April 2000 to December 2017 stood at around US\$ 3.39 billion, as per data released by the Department of Industries Policy and Promotion (DIPP).

SEGMENT WISE OR PRODUCT WISE PERFORMANCE

In recent years, shipyards have been starting to implement more of advance outfitting. When we look at conventional shipbuilding processes, the vessel hull is first fabricated on the dock and the outfitting is started only after launching the hull from the berth. This costs a lot of time that can be minimized with the concept of advanced outfitting.

Advanced outfitting concept involves assembling the outfit components like machinery, seating structures and piping etc into a small unit that is then fixed at the planned position in the hull block itself. Steel structure & outfit component units are developed at the same time rather than waiting to complete the erection the vessel hull before outfit components can be installed.

Shipyards that practice such innovative concept claim that building cycle time can be substantially reduced. From ultra efficient propeller designs, to no-ballast systems and efficient solar cell integration, it is undeniable that shipbuilding industry is constantly breaking through in terms of building the GEENEST ship possible.

The Engineering Services companies need to evolve with the evolving needs of their customer. A lot of the firms have started providing end to end solutions from conceptualization to final execution. Innovation, customer centric approach, skilled manpower, project management, speed of delivery and service quality are biggest differentiators in this industry.

OVERVIEW & OUTLOOK

Indian Shipbuilding industry is at an early stage but has to compete against established yards in Korea and China to grab a share of the market. Its lower scale leads to several disadvantages in design and manpower costs. Leading shipbuilding countries support the industry by creating enabling policies for development of technical and manpower capabilities.

There is an increased focus by Indian shipbuilders on developing design capabilities either in house or through established bodies like National Ship Design Research Centre (NSDRC). However, it may still take some time for India to mitigate this cost disadvantage which clearly depends on their ability to attract orders and offset a share of profit in these areas.

Commercial shipbuilding demand is determined by international and domestic trade, the health of the global economy, and rate of fleet replacement due to age or obsolescence. Small companies usually specialize in building and repair of small commercial vessels. Large companies tend to offer a wide range of building and repair services for both commercial and military vessels, and enjoy economies of scale in purchasing, design, and manufacturing.

The engineering sector is a growing market. Spending on engineering services is projected to increase to US\$ 1.1 trillion by 2020.

India's capital good sector is expected to triple in size to Rs 7.5 trillion (US\$ 116 billion) and add 21 million jobs by 2025.

India is an attractive hub for foreign investments in the manufacturing sector. Several mobile phone, luxury and automobile brands, among others, have set up

or are looking to establish their manufacturing bases in the country.

The manufacturing sector of India has the potential to reach US\$ 1 trillion by 2025 and India is expected to rank amongst the top three growth economies and manufacturing destination of the world by the year 2020. The implementation of the Goods and Services Tax (GST) will make India a common market with a GDP of US\$ 2.5 trillion along with a population of 1.32 billion people, which will be a big draw for investors.

RISK AND CONCERNS

The global trade is faced with two main areas of uncertainties, one the policy changes that the US Administration might implement in the near future and two the impact of UK's exit from the European Union. Any adverse movement in any of these two events is likely to impact the growth in the trade and impact the shipping lines. In India, the imports have been strong and are likely to maintain the trend. In case of below normal monsoon, it could have an adverse impact on the consumption pattern in the rural areas.

The cyclical nature of the industry and the slow speed of project finalization and approval can adversely affect the industry. A downturn or slowdown in the manufacturing can impact business growth and prospects.

INTERNAL CONTROL SYSTEM

The Company has in place an adequate system of internal control commensurate with its size and nature of its business. These have been designed to provide reasonable assurance that all assets are safeguarded and protected against loss from unauthorized use or disposition and that all transactions are authorized, recorded and reported correctly and the business operations are conducted as per the prescribed policies and procedures of the Company. The Audit committee and the management have reviewed the adequacy of the internal control systems and suitable steps are taken to improve the same.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFOMRMANCE

The company has seen some troubled times in last couple of years especially the last financial year due to adverse market condition and our excessive dependence on the Ship building sector which itself was very sluggish. But the worst is behind us and we have come out stronger through the challenge and ready to take our company to the next phase of growth.

We have spent last one year in building expertise and capacity in areas like engineering services, manufacture, repair and maintenance of pressure vessels, shutdown maintenance projects and machining. All these needed investment in terms of recruiting and training man-power, tools & tackles. consumables which have adversely affected our top line and bottom line. Building anything takes time and building something qualitative takes time, efforts and money. This investment is going to payoff in this and coming years. We have already made breakthroughs in some of the areas like Defence related work, Shut down Projects and Machining. The coming few years will be exciting and challenging at the same and your company will continue to strive for excellence with economic value addition. The company also continues to operate on ship fabrication and other allied activities during the financial year under review. Your Company has recorded total revenue of Rs. 1,05,56,212/-, Net Loss after tax for the Financial Year stood at Rs. (1,13,16,602)/- and recorded an EBIDTA of Rs. (71,75,272)/- as standalone basis for the financial year under consideration.

HUMAN RESOURCES DEVELOPMENT AND INDUSTRIAL RELATIONS

Your Company firmly believes that its human resources are the key enablers for the growth of the Company and important asset. Hence, the success of the Company is closely aligned to the goals of the human resources of the Company. Taking into this account, your Company continued to Invest in developing its human capital and establishing its brand on the market to attract and retain the best talent.

Employee relations during the period under review continued to be healthy, cordial and harmonious at all levels and your Company is committed to maintain good relations with the employees.

CAUTIONARY STATEMENT

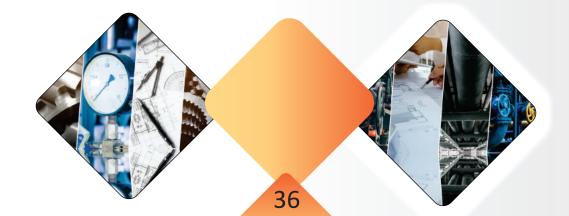

The report may contain certain statements that the Company believes are, or may be considered to be "forward looking statements" that describe our objectives, plans or goals. All these forward looking statements are subject to certain risks and uncertainties, including but not limited to, government action, economic development and risks inherent in the Company's growth strategy and other factors that could cause the actual results to differ materially from those contemplated by the relevant forward looking statements.

STATEMENT ON RISK MANAGEMENT

All businesses are fraught with risk and ship fabrication is not different. We at **L. P. NAVAL AND ENGINEERING LIMITED** seek to minimize the adverse impacts of all kinds of risks, thus enabling the company to leverage market opportunities effectively and enhance long term competitive advantage. Our Risk Management Framework involves identification, analyses, evaluation, treatment, mitigation and monitoring all kinds of risks like Strategic, External and operational risks.

Strategic risk is the risk associated with our long term business strategies and the risks associated with the execution of these strategies. The ship fabrication industry is going through a bad period right now though the outlook looks promising in the next 10-15 years horizon owing to the Make in India policy and the change in the FDI rules for this sector. In order to mitigate the strategic risk we have taken conscious decision to develop our capabilities in aluminum boats construction and repairs which is a niche sectors (Not too many players) and we have also realigned ourselves to be engineering Services Company for shipbuilders and other related industries.

External Risk arises out of uncontrollable factors from outside the organization like downturn in the economy, adverse policies or regulatory framework or even natural disasters.

Operational Risk arises out of inefficiencies or negligence in the operations or system of internal controls. These are risk associated with non compliance with statuary requirements or policies, not following the safety regulations, engaging in unlawful or fraudulent behavior or breaches of contractual agreement. As a company we have checks and balances in places ensure such things don't happen. Proper Personal Protective Equipments are provided to all employees working on the shop floor to ensure safety. Internal and statuary audits on regular interval put the relevant checks in place.

INDEPENDENT AUDITOR'S REPORT

TO,
THE MEMBERS OF
M/s. L. P. Naval and Engineering Limited
(Formerly Known as Siddhi Vinayak Shipping Corporation Ltd)

Report on the Financial Statements:

We have audited the accompanying financial statements of M/s. L. P. Naval and Engineering Limited (Formerly Known as Siddhi Vinayak Shipping Corporation Ltd) ("the company") which comprises the Balance Sheet as at March 31, 2018, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements:

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility:

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the company has in place and adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of

accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion:

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India,

- (a) in so far it relates to the Balance Sheet, of the state of affairs of the company as at March 31 2018; and
- (b) in so far it relates to the Statement of Profit and Loss, of the profit/loss for the year ended on that date;
- (c) in so far it relates to the Statement of Cash Flow, of the cash flow for the year ended on March 31 2018;

Report on Other Legal and Regulatory Requirements:

As required by the Companies (Auditor's Report), Order, 2016 (order dated 29.03.2016), issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 (hereinafter referred to as 'order'), and on the basis of test check as we considered appropriate and according to information and explanation provided to us, we enclose in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the said Order.

As required by section 143(3) of the Act, we report that:

- 2.1 We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit
- 2.2 In our opinion, proper books of account as required by law have been kept by the company so far as appears from our examination of those books.
- 2.3 The Balance Sheet and Profit and Loss statement dealt with by this report are in agreement with the books of account.
- 2.4 In our opinion, the aforesaid financial statements comply with the accounting standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014
- 2.5 On the basis of written representations received from the directors, as on March 31, 2018, taken on record by the Board of directors, none of the directors are disqualified as on March 31, 2018 from being appointed as a director under section 164(2) of the Act
- 2.6 With respect to the adequacy of financial controls over financial reporting of the company and the operative effectiveness of such controls, refer to our separate report in "Annexure B"; and
- 2.7 With respect to the others matters to be included in the auditor's report in accordance with Rule 11 of the companies (audit and auditors) rules 2014, in our opinion and to the best of our information and according to the explanations given to us.

ANNEXURE - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **L. P. Naval and Engineering LIMITED** (Formerly Known as Siddhi Vinayak Shipping Corporation Limited) ("The Company") as of 31 March 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted

accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PARTS OF ACCOUNT

Note 1 SIGNIFICANT ACCOUNTING POLICIES:

a. Basis of Accounting:

The financial statements have been prepared under historical cost convention in accordance with the generally accepted accounting principles and the provisions of the Companies Act 2013, as adopted consistently by the company. The company generally follows mercantile system of accounting and recognizes significant items of income and expenditure on accrual basis.

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

b. Fixed Assets:

Fixed assets are recorded at cost. The Company has provided depreciation on Straight Line method as per the Companies Act, 2013

c. Capital Work In Progress:

All Expenditure, incurred relating to Development of Ship Yard are accumulated and shown as Capital Work in Progress.

d. Investment:

The company has not made any investment during the year.

e. Depreciation and Amortization:

The company has provided depreciation on Straight Line Method as per companies Act,2013 and calculation of remaining useful life is based on no of days for which asstes were put to use.

f. Impairment of Assets:

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. The company assesses at each Balance Sheet date whether there is any indication that any assets may be impaired and if such indication exists, the carrying value of such assets is reduced to its recoverable amount and a provision is made for such impairment loss in the statement of Profit & Loss A/c. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

g. Employee's Benefit:

Provident Fund, ESIC & LWF: Provident fund, ESIC and LWF contributions are made as per defined scheme and the contribution is charged to statement of Profit & Loss A/c of the year when it becomes due. The company has no other obligation other than to contribute and deposit to respective authorities.

Short term employee benefits are recognized as an expense in the statement of Profit & Loss A/c for the year in which the related service is rendered.

Long term employee benefit are recognized as an expense in the statement of Profit & Loss A/c for the year in which the employee has rendered service.

The Company's gratuity scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted. The present value of the obligation under such benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method. The obligation is measured at present values of estimated future cash flows. The discount rates used for determining the present value are based on the market yields on government securities as at the balance sheet date.

h. Deferred Revenue Expenditure:

Preliminary expenses incurred by the company in past year was related to incorporation of company. Now, 1/5th of Preliminary Expenses is written off during the year.

i. Inventories:

Inventories are valued at the lower of cost on FIFO basis and the net realizable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to the point of sale Work-in-progress and finished goods include appropriate proportion of overhead. Other stock is valued at estimated realizable Value.

j. Foreign Currency Transactions:

The company has not incurred any foreign currency transaction during the year.

k. Lease Transactions:

The Company has been given the possession of G.I.D.C. land on 14-08-2013, to hold the same as Licencee to make necessary construction etc. Lease Deed for 99 years will be executed by G.I.D.C. after completion of construction & subject to compliance of prescribed conditions.

I. Revenue & Recognition :

Income and expenditure are recognized and accounted on accrual basis as and when they are earned or incurred. Revenue from Job Work transaction is recognized as and when job work or part of it is completed.

m. Income Tax:

Income tax liability is ascertained on the basis of assessable profits computed in accordance with the provisions of Income-tax. Act, 1961. Deferred tax is recognized, subject to the consideration of prudence, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of being reversal in one or more subsequent periods.

Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. The Company review the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

n. Contingent Liability:

No provision is made for a liability which is contingent in nature but if material, the same is disclosed by way of notes to the accounts.

o. Earning per Share:

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

p. Cash & cash Equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are term deposit balances, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Dues to the Micro and Small Enteprises have been determined to the extent such parties have been identified on the basis of information by the management. This has been relied upon by the auditors.

- As per AS 17- Segment Reporting, Segment information has to be provided when the company has more than one reportable business segment. The company has two segments:
- I) **Fabrication**
- ii) Shipyard

As during the year no activity or business has been carried out in Ship yard, no separate segment reporting has been done except identification of segment wise assets.

Figures of previous year have been regrouped and rearranged wherever necessary.
